

Assoc Prof Hogue, Christopher W V

Dept of Biological Sciences

Ph.D (1994): University of Ottawa, CANADA

Postdoctoral Experience:

1995-1997 : GenBank/NSERC Fellow, NCBI,, USA

1997-2004: Assistant Prof. U. of Toronto/Mount Sinai Hospital

2005-2007: Associate Prof. U. of Toronto

Research Areas:

- Bioinformatics, protein folding and small molecule informatics
- Biophysical characterization of protein and small molecule interactions.

Achievements:

- ❖ Good publication record which includes 52 full papers; some in leading journals such as Nature, Science (3), Nature Biotechnology (2), Journal of Molecular Biology (2) and Journal of Biological Chemistry (2).
- ❖ Presented over 100 invited talks worldwide.
- ❖ Commercialized versions of his patented BINDdatabase and other software are now provided by the Thomson Scientific and are curated in Canada, Singapore and India.

Join Date: 19 Nov 2007
